

17. Infectious Diseases Surveillance Center

- 1) Acevedo R, Bai X, Borrow R, Caugant DA, Carlos J, Ceyhan M, Christensen H, Climent Y, De Wals P, Dinleyici EC, Echaniz-Aviles G, Hakawi A, Kamiya H, Karachaliou A, Lucidarne J, Meiring S, Mironov K, Sáfadi MAP, Shao Z, Smith V, Steffen R, Stenmark B, Taha MK, Trotter C, Vázquez JA, Zhu B. The Global Meningococcal Initiative meeting on prevention of meningococcal disease worldwide: epidemiology, surveillance, hypervirulent strains, antibiotic resistance and high-risk populations. *Expert Rev Vaccines*. 2018 Dec 10
- 2) Kamiya H, Tacharoenmuang R, Ide T, Negoro M, Tanaka T, Asada K, Nakamura H, Sugiura K, Umemoto M, Kuroki H, Ito H, Tanaka S, Ito M, Fukuda S, Hatazawa R, Hara Y, Guntapong R, Murata T, Taniguchi K, Suga S, Nakano T, Taniguchi K, Komoto S. Characterization of an unusual DS-1-like G8P[8] rotavirus strain from Japan in 2017: Evolution of emerging DS-1-like G8P[8] strains through reassortment. *Jpn J Infect Dis*. 2019 Feb 28
- 3) GBD 2016 Healthcare Access and Quality Collaborators. Measuring performance on the Healthcare Access and Quality Index for 195 countries and territories and selected subnational locations: a systematic analysis from the Global Burden of Disease Study 2016. *Lancet*. 2018; 391: 2236–2271.
- 4) GBD 2016 Lower Respiratory Infections Collaborators. Estimates of the global, regional, and national morbidity, mortality, and aetiologies of lower respiratory tract infections in 195 countries: a systematic analysis for the Global Burden of Disease Study 2016. *Lancet Infect Dis* 2018; 18: 1191–1210.
- 5) GBD 2016 Diarrhoeal Disease Collaborators. Estimates of the global, regional, and national morbidity, mortality, and aetiologies of diarrhoea in 195 countries: a systematic analysis for the Global Burden of Disease Study 2016. *Lancet Infect Dis* 2018; 18: 1211–1228.
- 6) GBD 2017 Mortality Collaborators. Global, regional, and national under-five mortality, adult mortality, age-specific mortality, and life expectancy, 1950–2017: a systematic analysis for the Global Burden of Disease Study 2017. *Lancet* 2018; 392: 1684–1735.
- 7) GBD 2017 Cause of Death Collaborators. Global, regional, and national age-sex specific mortality for 282 causes of death, 1980–2017: a systematic analysis for the Global Burden of Disease Study 2017. *Lancet* 2018; 392: 1736–1788.
- 8) GBD 2017 Risk Factor Collaborators. Global, regional, and national comparative risk assessment of 84 behavioural, environmental and occupational, and metabolic risks or clusters of risks for 195 countries and territories, 1990–2017: a systematic analysis for the Global Burden of Disease Study 2017. *Lancet* 2018; 392: 1923–1994.
- 9) GBD 2017 SDG Collaborator. Measuring progress from 1990 to 2017 and projecting attainment to 2030 of the health-related Sustainable Development Goals for 195 countries and territories: a systematic analysis for the Global Burden of Disease Study 2017. *Lancet* 2018; 392: 2091–2138.
- 10) GBD 2016 Meningitis Collaborators. Global, regional, and national burden of meningitis in 1990–2016: a systematic analysis for the Global Burden of Disease Study 2016. *Lancet Neurol* 2018; 17: 1061–1082.
- 11) GBD 2017 Influenza Collaborators. Mortality, morbidity, and hospitalisations due to influenza lower respiratory tract infections, 2017: an analysis for the Global Burden of Disease Study 2017. *Lancet Respir Med* 2019; 7: 69–89.
- 12) GBD 2016 Dementia Collaborators. Global, regional, and national burden of Alzheimer’s disease and other dementias, 1990–2016: a systematic analysis for the Global Burden of Disease Study 2016. *Lancet Neurol* 2019; 18(1): 88–106.
- 13) Griffith MM, Fukusumi M, Kobayashi Y, Matsui Y, Nishiki S, Shimbashi R, Morino S, Sunagawa T, Tanaka-Taya K, Matsui T, Oishi K. Epidemiology of vaccine-preventable diseases in Japan: considerations for pre-travel advice for the 2019 Rugby World Cup and 2020 Summer Olympic and Paralympic Games. *Western Pac Surveill Response J*. 9(2):26–33. 2018.
- 14) Griffith MM, Yahata Y, Irie F, Kamiya H, Watanabe A, Kobayashi Y, Matsui T, Okabe N, Taniguchi K, Sunagawa T, Oishi K. Evaluation of an ad hoc paper-based syndromic surveillance system in Ibaraki evacuation centres following the 2011 Great East Japan

- Earthquake and Tsunami. *Western Pac Surveill Response J.* 2018 Dec 20;9(4):21-27
