

# Agenda

**September 2, 2022**

**10:00-12:00 (JST), 9:00-11:00 (TST)**

Time	Topic	Speaker
Opening Remarks (4 min)		
10:00-10:04 JST	<b>Dr. Jih-Haw Chou (Director-General, Taiwan CDC)</b> <b>Dr. Takaji Wakita (Director-General, NIID)</b>	
09:00-09:04 TST		
Group Photo (1 min)		
10:04-10:05 JST	Group Photo (Screenshots)	
09:04-09:05 TST		
COVID-19 (20 min)		
10:05-10:15 JST	Strategies for preventing COVID-19 spread in communities in Taiwan	<b>Ms. Yu-Jing Lin</b> Nurse, Division of Acute Infectious Disease, Taiwan CDC
09:05-09:15 TST		
10:15-10:25 JST	Virological and Serological Characterization of SARS-CoV-2 Omicron Infections	<b>Dr. Tadaki Suzuki</b> Director, Department of Pathology, NIID
09:15-09:25 TST		
Discussion (5 min)		
10:25-10:30 JST	Discussion and Comment	
09:25-09:30 TST		
AMR (20 min)		
10:30-10:40 JST	Has COVID-19 affected AMR in Japan?	<b>Dr. Motoyuki Sugai,</b> Director, Antimicrobial Resistance Research Center, NIID
09:30-09:40 TST		
10:40-10:50 JST	National antimicrobial stewardship policy and national program	<b>Dr. Hao-Hsin Wu</b> Medical officer, Division of Infection Control and Biosafety, Taiwan CDC
09:40-09:50 TST		
Discussion (5min)		
10:50-10:55 JST	Discussion and Comment	
09:50-09:55 TST		

Collaboration studies between Taiwan CDC and NIID Japan (50 min) Moderator: <b>Dr. Manabu Ato (NIID)</b> <b>Dr. Shu-Ying Li (Director, Center for Diagnostics and Vaccine Development, Taiwan CDC)</b>		
10:55-11:00 JST  09:55-10:00 TST	Molecular epidemiology and sequence analysis of dengue virus and chikungunya virus	<b>Dr. Cheng-Fen Yang</b> Associate Researcher, Center for Diagnostics and Vaccine Development, Taiwan CDC
11:00-11:05 JST  10:00-10:05 TST	Molecular epidemiology and sequence analysis of dengue virus in Taiwan and Japan	<b>Dr. Takahiro Maeki</b> Senior Research Scientist, Laboratory of Arboviruses, Department of Virology I, NIID
11:05-11:10 JST  10:05-10:10 TST	The role of voltage-gated sodium channel genotype in pyrethroid resistance in <i>Aedes aegypti</i> in Taiwan	<b>Mr. Han-Hsuan Chung</b> Assistant researcher, Center for Diagnostics and Vaccine Development, Taiwan CDC
11:10-11:15 JST  10:10-10:15 TST	Pyrethroid resistance surveillance of <i>Aedes aegypti</i> in international airport	<b>Dr. Osamu Komagata</b> Senior Research Scientist, Laboratory of Vector Control and Pesticide Science, Department of Medical Entomology, NIID
11:15-11:20 JST  10:15-10:20 TST	Diagnosis and surveillance of leprosy in Taiwan	<b>Dr. Ruwen Jou</b> Research Fellow, Center for Diagnostics and Vaccine Development, Taiwan CDC
11:20-11:25 JST  10:20-10:25 TST	Diagnosis and surveillance of leprosy in Japan	<b>Dr. Manabu Ato</b> Director Department of Mycobacteriology, NIID
11:25-11:30 JST  10:25-10:30 TST	Epidemiology of <i>Bordetella pertussis</i> in Taiwan	<b>Dr. Chuen-Sheue Chiang</b> Associate Researcher, Center for Diagnostics and Vaccine Development, Taiwan CDC
11:30-11:35 JST  10:30-10:35 TST	Molecular epidemiology of macrolide-resistant <i>Bordetella pertussis</i> in Asia	<b>Dr. Kazunari Kamachi</b> Chief, Laboratory of Pertussis Control, Department of Bacteriology II, NIID
11:35-11:40 JST  10:35-10:40 TST	Molecular epidemiology and sequence analysis of influenza viruses in Taiwan: human infection with a reassortant swine-origin influenza A(H1N2)v virus in Taiwan, 2021	<b>Dr. Ji-Rong Yang</b> Technical Specialist, Center for Diagnostics and Vaccine Development, Taiwan CDC

The 19th Taiwan- Japan Symposium

11:40-11:45 JST	<b>Influenza activity in Japan during COVID-19 pandemic</b>	<b>Dr. Shinji Watanabe</b> Chief, Laboratory of Influenza Virus Surveillance, Research Center for Influenza and Respiratory Viruses, NIID
10:40-10:45 TST		
Discussion (10 min)		
11:45-11:55 JST	Discussion and Comment	
10:45-10:55 TST		
Closing Remarks (5 min)		
11:55-12:00 JST	<b>Dr. Jih-Haw Chou (Director-General, Taiwan CDC)</b> <b>Dr. Takaji Wakita (Director-General, NIID)</b>	
10:55-11:00 TST
